

Level 1 Unit 7 Homes

A. Listening

- Listen and fill in the blanks to finish part of the story.

<Word box>

houses mud snow hot pack cool pole snow

There are different types of houses all over the world.

Some houses are made of mud and others are made of snow. Some houses are built high in the air, and other houses float on water. What does your house look like?

Deserts can be very hot. People who live in deserts sometimes have homes made of mud. This is because mud helps keep the inside of a house cool.

Other people live in very cold places. An igloo is a type of house built from ice and snow! The packed snow keeps cold air from blowing into the house!

B. Vocabulary

- Draw a line to match the words.

- | | | |
|----------|--------|-----------|
| 1. hot | •————• | a. desert |
| 2. boat | •————• | b. cool |
| 3. climb | •————• | c. ladder |
