

Level 1 Unit 13 *Addition and Subtraction*

A. Listening

- Listen and fill in the blanks to finish the story.

<Word box>

find out cookies all they subtracted plus looked minus

Do you like cookies? Mary, Ben, and Sam do! One day, they decided to sell cookies to their friends. Mary had 103 cookies. Ben had 75 cookies. Sam had 94 cookies.

How many cookies were there all together? Mary, Ben, and Sam wanted to find out! They did this by adding together all the cookies. Mary's cookies, plus Ben's cookies, plus Sam's cookies added up to 272 cookies. $103 + 75 + 94 = 272$.

Mary sold 89 cookies. Ben sold 66 cookies. Sam sold 91 cookies. How many cookies were left? They subtracted the amount of cookies sold from the total. All the cookies, minus Mary's cookies, minus Ben's cookies, minus Sam's cookies equaled 26 cookies. $272 - 89 - 66 - 91 = 26$. Mary, Ben, and Sam looked at the remaining cookies. Then they ate them up!

B. Vocabulary

- Draw a line to match the words.

- | | | | |
|----------|---|---|----------------|
| 1. minus | • | • | a. total |
| 2. plus | • | • | b. cookies |
| 3. all | • | • | c. many |
| 4. eat | • | • | d. at |
| 5. how | • | • | e. addition |
| 6. look | • | • | f. subtraction |

Name _____

Date _____

- Unscramble the words and write them on the line.

1. o / k / o / i / e / c - c o o k i e

2. t / a / e - e a t

3. s / u / p / l - p l u s

4. u / s / i / n / m - m i n u s

5. k / o / l / o - l o o k

6. n / a / m / t / o / u - a m o u n t

C. Speaking

- Complete the math problems with a partner and write your answers. Share with the class and talk about your answers.

1. $272 - 89 - 66 - 91 = \underline{26}$.

2. $103 + 75 + 94 = \underline{272}$.

3. $14 + 12 - 2 = \underline{24}$.

4. $85 - 3 - 18 + 29 = \underline{91}$.

5. $100 + \underline{25} = 125$.

6. $75 - \underline{25} = 50$.
