D. Read and put the events in order.**Brenda's First Plane Trip**

Dear Mark,

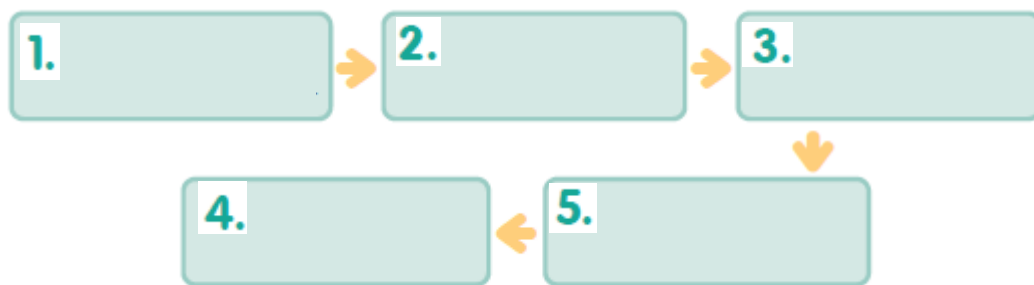

Yesterday, I was on my first flight. It was a lot of fun! I looked out the window. The buildings got smaller and smaller. From up high, they looked like little toys. I wanted to look for my town from the sky, but I couldn't find it.

After we were up in the air, the flight attendant brought us some water and juice. Then we watched a movie. The movie was entertaining. I really liked it!

Later, I looked at the clock. We were in the air for four hours. The plane was shaking a little bit, and I felt terrified. My mom told me it was OK. A few minutes later, the plane landed on the ground.

See you soon!
